

Parents and carers online safety survey

- 1. Online safety, me and my family:** these statements relate to the participant's general understanding of online safety, and how they keep their family safe online.
- 2. Online safety education:** these statements relate to the online safety learning experiences of parents, carers and their families. They prompt respondents to think about what they have learnt and how they access online safety information.
- 3. Online safety at our school:** these statements relate to the school's policies and procedures. They ask parents and carers to think about their understanding of the school's approach to online safety.

Online safety, me and my family

	A Not at all	B Sometimes	C Often	D Always
1. I regularly speak to my children about the importance of being safe, respectful and responsible online.				
2. Our family talks about new technology and how it can have either a positive or negative impact on us.				
3. We follow set family rules about how technology is used at home.				
4. My child knows what to do if they have a negative online experience. For example, they know how to report or block a user, or tell a trusted adult.				
5. I am confident I can speak to my child about tricky online subjects such as cyberbullying, unwanted contact, grooming and pornography.
