Responsibility

Case study

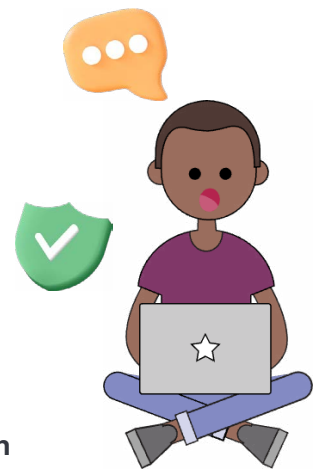

Latifa and Carlos were good friends and liked to play games online. During the summer holidays, Carlos' older sister Angela joined them. Angela showed them her favourite online game, but it was for much older kids. Latifa and Carlos were not sure about playing it. Angela said they had to do what she said. So, Latifa and Carlos played the game. Angela swore and said lots of rude things during the game. Latifa and Carlos felt uncomfortable.

4. What could Latifa and Carlos have done differently in this situation?

Poll question: Have you been in a situation where someone pressured you to do something online that you didn't want to?

Your response: Yes No

Your class numbers: Yes No

5. Why do you think it might be hard for kids to tell a trusted adult when something goes wrong online?
